Kinder Morgan is one of the largest energy infrastructure companies in North America. We own an interest in or operate approximately 83,000 miles of pipelines and 147 terminals. Our pipelines transport natural gas, gasoline, crude oil, carbon dioxide (CO₂) and more. Our terminals store and handle petroleum products, chemicals and other products. We serve the major consuming markets of the United States, and our pipelines transport approximately 40 percent of the natural gas consumed in the U.S.
