Attn: Ms. Nikki Emam
California Independent System Operator (CAISO) Representative

Dear Ms. Emam,

I would like to express my interest in the open liaison position of the Energy Imbalance Market (EIM) Regional Issues Forum (RIF). As a rate analyst for the Wyoming Office of Consumer Advocate, it is my duty and privilege to advocate on behalf of Wyoming citizens on matters involving public utilities that serve customers within Wyoming. If selected for the open RIF liaison position, I look forward to working with representatives from other sectors to develop beneficial solutions to issues involving the EIM.

I believe that my professional and volunteer experience has provided me with the necessary knowledge and skills to contribute to the success of the RIF. I hold a Bachelor of Science degree in civil engineering with a minor in Spanish language and literature, and a Master of Science degree in environmental engineering from the University of Wyoming. I was employed in the fields of engineering and environmental science for seven years before joining the OCA in March of 2020. Since moving to Cheyenne after graduating from college, I have also served as an officer for local chapters of the Society of Professional Engineers and Rotary International, and as a member of the Western Spirit Art Show Committee.

Please contact me at anna.demers2@wyo.gov or (307) 777-5705 if you have any questions, or if you would like me to provide more information on my background and qualifications.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Anna DeMers".

Anna DeMers
