

# WESTERN ENERGY IMBALANCE MARKET

**EIM Governing Body      April 19, 2021**

**Decision on market enhancements for Summer readiness - load, export and wheeling priorities**

**General Session**

**MOTION:**

**Moved, that the EIM Governing Body does not opine on the substance of management’s proposal related to the export, load, and wheeling priorities set forth in the summer 2021 readiness proposal. The EIM Governing Body, however, advises the Board of Governors to take the necessary steps to start a regional stakeholder process and engage the FERC as necessary to proactively create a durable long-term regional solution to this issue.**

**The EIM Governing Body further moves to provide this advice verbally to the Board of Governors along with a verbal explanation of its advice.**

**Moved: Prescott**

**Second: Fong**
