WESTERN ENERGY IMBALANCE MARKET (WEIM)

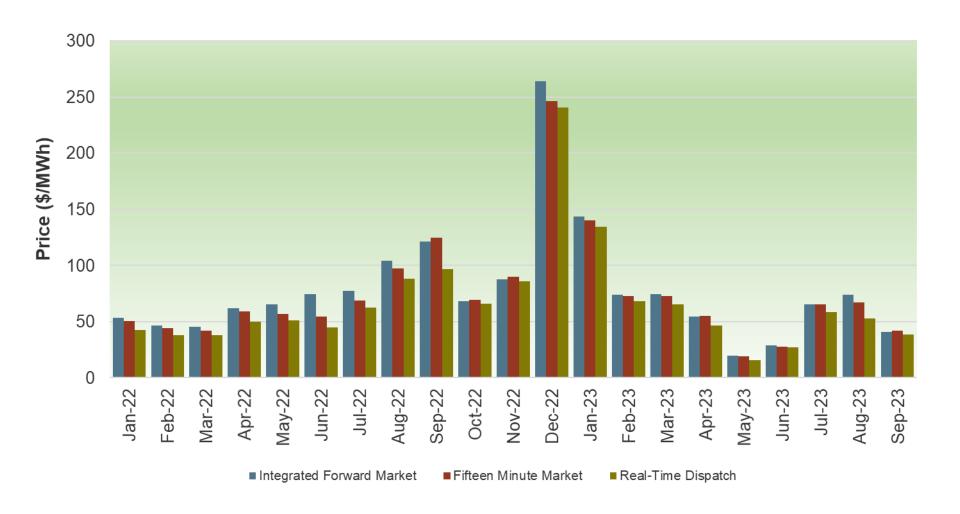

Market Performance Update

Guillermo Bautista Alderete, Ph.D.

Director, Market Performance and Advanced Analytics

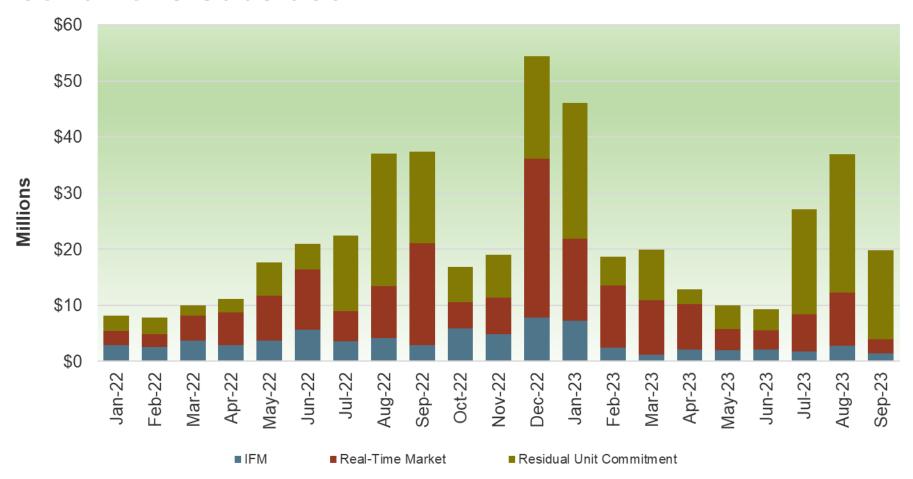

Joint WEIM Governing Body and ISO Board of Governors meeting General Session November 8, 2023

Prices decreased in September due to milder weather

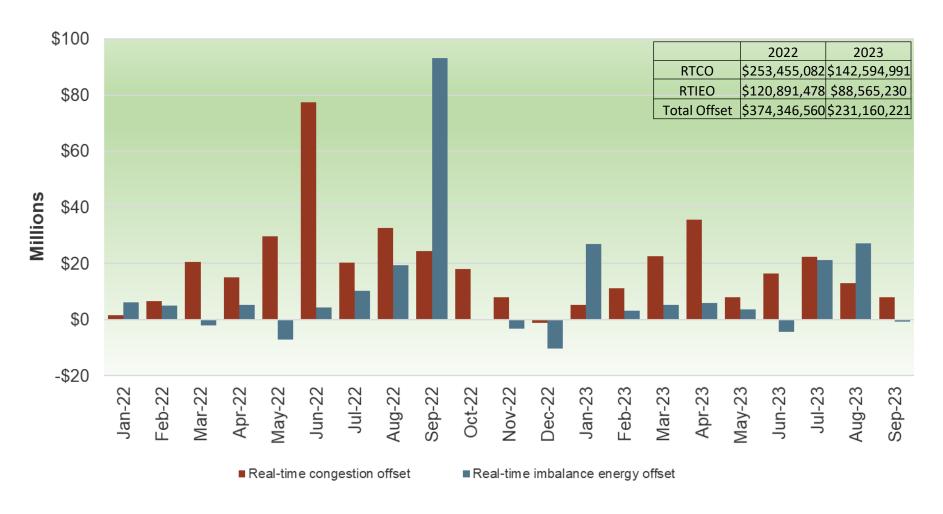

Bid cost recovery declined in September as summer conditions subsided

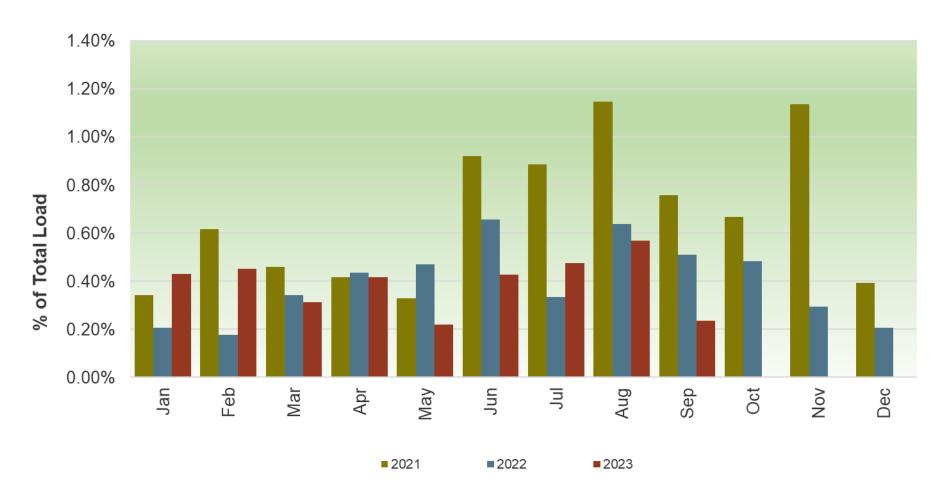

ISO area real-time offset costs remained low

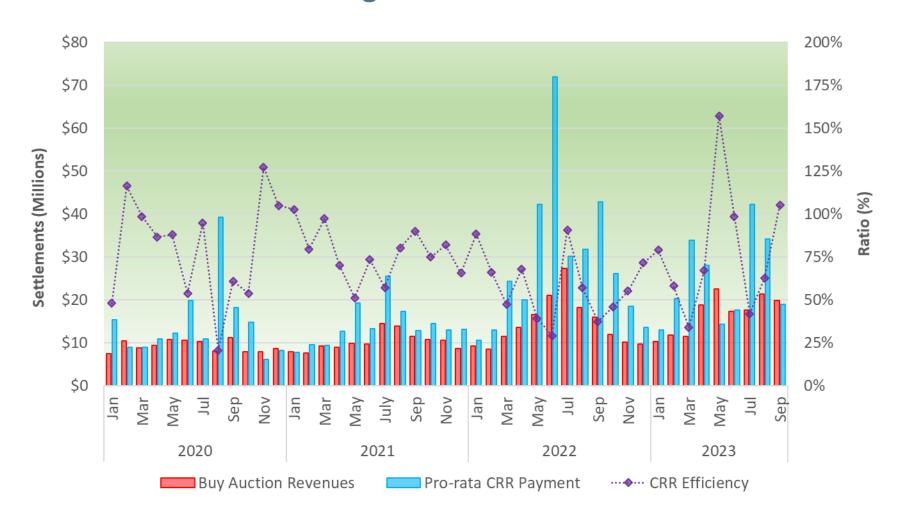

^{*} Both real-time congestion offsets and congestion revenue right surplus/shortfalls are allocated to measured demand

Exceptional dispatch volume in the ISO area remained at low levels

Auction efficiency improved in August and September because of lower congestion

There were no CAISO price correction events in September
