

WESTERN ENERGY IMBALANCE MARKET

Regional Issues Forum Public Interest Group and Consumer Advocates Sector Call

January 28, 2021

The Operating Guidelines for the Regional Issues Forum provide a framework to educate and address stakeholder issues related to EIM.

- Provide a forum for discussion
- Solicit input and participation from sectors on topics and content of forums
- May express common position to EIM Governing Body
- Communicate results of RIF meetings to EIM Governing Body
- Each sector shall select two Liaisons

The Regional Issues Forum consists of self-selected representatives from five stakeholder sectors.

- Membership of the Regional Issues Forum consists of two Liaisons from each of the following sectors:
 - Transmission Owning Utilities
 - Independent Generators and Independent Marketers
 - Publicly Owned Utilities
 - Neighboring Adjacent Balancing Authority Areas
 - Public Interest Groups and Consumer Advocates

The Public Interest Groups and Consumer Advocates sector seeks to nominate and select a new Liaison.

- Each sector is responsible for selecting two liaisons to serve on the Regional Issues forum.
- Public Interest Groups and Consumer Advocates Sector
 - *This sector includes one Liaison from organizations that represent end-use customers and one Liaison from organizations that represent other public interests*

The Public Interest Groups and Consumer Advocates sector seeks to nominate and select a new Liaison.

- One candidate indicated their desire to be nominated for the role and submitted statements of interest
 - Vijay Satyal, Western Resource Advocates
- Statements of Interest can be found on the Regional Issues Forum webpage under the January 28th meeting

Discussion of Candidates
