# WHY EDAM and WHY NOW?

- Changing Landscape in the West
- Status Quo (EIM Only) & Bilateral Markets
- Alignment with neighboring BANC's Targeted Go Live.

# Extended Day-Ahead Market (EDAM)

- **Loads & Resources** Participate in the Market

➡ Load offers its need

➡ Resources offer capability

Market optimizes commitment of TID resources for EDAM footprint

Day-Ahead (EDAM) and Real-Time (EIM) markets work together

## EDAM Benefits

ECONOMIC

RELIABILITY
