

# WESTERN ENERGY IMBALANCE MARKET

## Briefing on Western Energy Imbalance Market Readiness

Petar Ristanovic

Vice President, Technology and EIM Executive Sponsor

EIM Governing Body Meeting

General Session

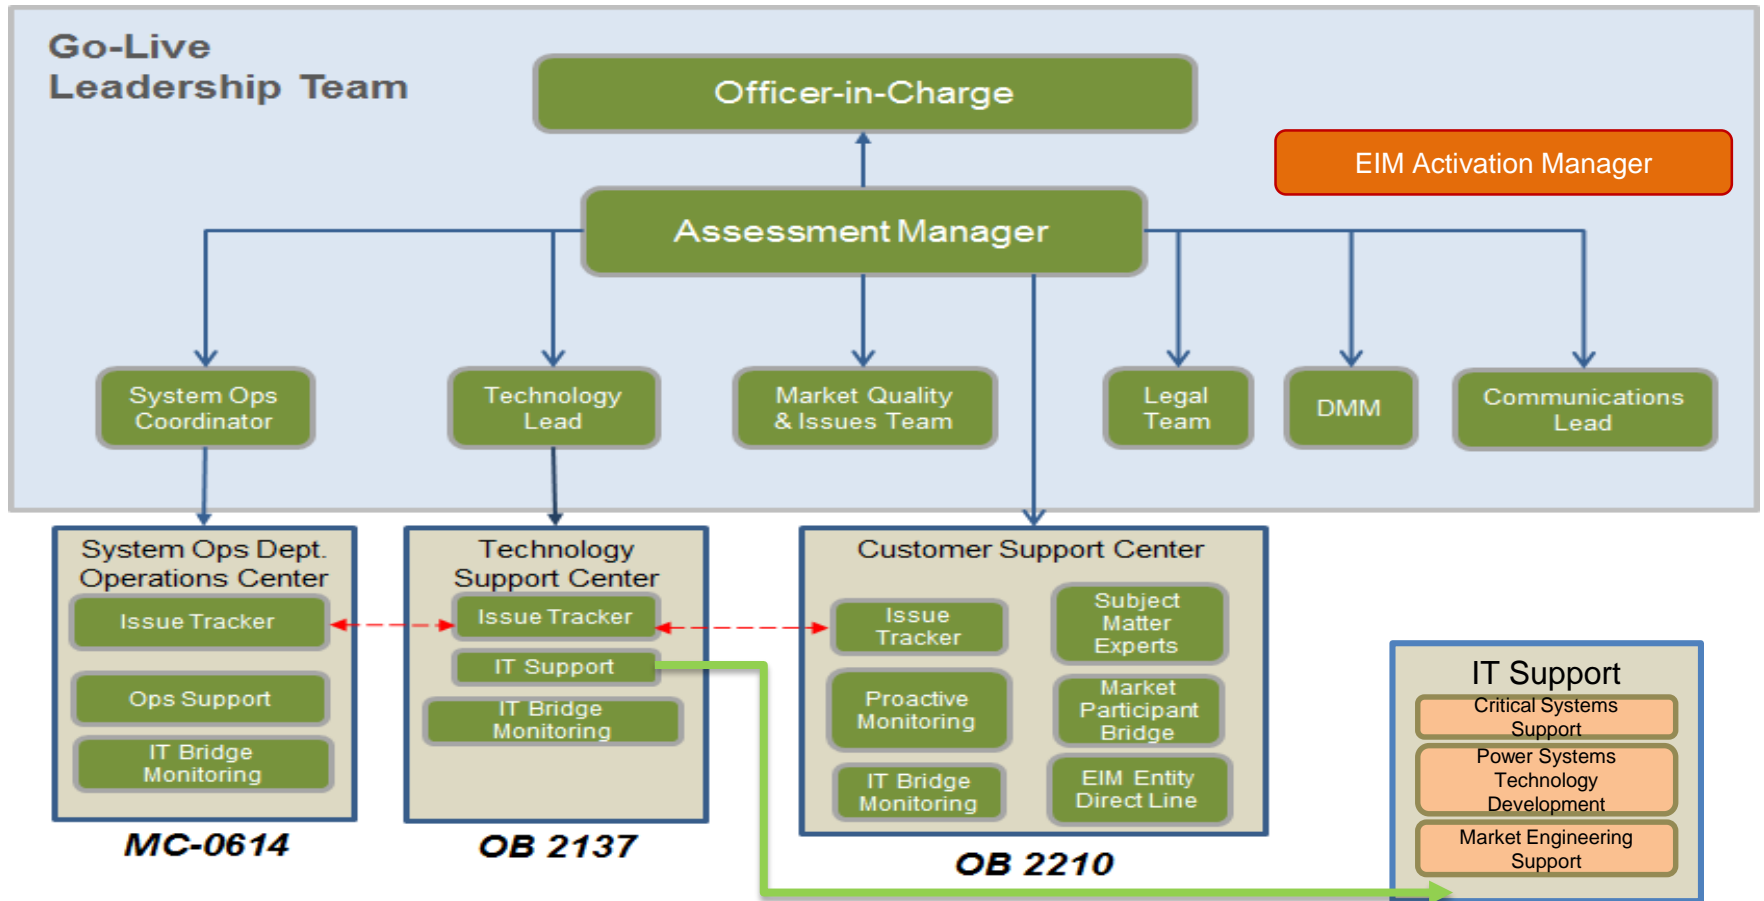

March 8, 2018

# Idaho Power Company and Powerex are on schedule for April 4, 2018 activation

- Key accomplishments:
  - Parallel operations started on February 1, 2018
  - FERC accepted Powerex Participation Agreements and EIM Enhancements
  - FERC-required EIM Readiness Certification signed on March 2, 2018
- Final implementation activities:
  - Finalize activation support plan and training prior to activation
  - Continue parallel operations market solution quality and analysis
  - Resolve any remaining issues and open tickets
- The ISO thanks IPC and PWX for excellent leadership and execution

# The ISO's activation and production support model is well established

# The next four EIM Entity implementations are making steady progress

- BANC/SMUD 4/1/2019
- LADWP 4/1/2020
- Salt River Project 4/1/2020
- Seattle City Light 4/1/2020
